## 8. My instructor....

8.4)   Please add any comments you would like to anonymously share with your instructor.

- Class completely unmotivated me to learn. It makes me dislike the subject matter because it's presented in such a way that it isn't even fun to do any of the work. The semester long sketchbook could be a fun learning experience if students weren't bombarded with them every week on top of the other assignments such as essays or creating art pieces.

## 9. Final Comment

9.1)   The comment box provides a chance to anonymously communicate any specific impressions (either overall impressions or impressions about particular and specific things) to the instructor.  Please feel free to write a lot in the comment box since your feedback is probably the single most important way that courses get better from one semester to the next.

- I feel like Mrs. Arc forgets that not all of her students are recent high school graduates. Some of us have full time (40-60 hr/week) jobs and families to provide for. Her work requirements are way too extreme: weekly reading assignments, weekly discussions, weekly homework assignments and/or projects, AND weekly sketchbook assignments with only 1 redo. And on top of that films that must be watched in order to complete some of the major assignments. And to add to it, we have have to purchase extra items as if we didn't just spend almost $500 to be enrolled in the class and purchase the books. If we can't afford the items, we have to take a zero. I have had to ask for an extension on a bill twice now just to make sure I didn't get a ZERO ON AN ASSIGNMENT, and that just doesn't sit right with me.Also, having all weekend due dates for the course not responding to her email from Friday evening-Monday morning in case anyone (in the full time/ overtime working world) had any last minute questions on an assignment was insane to me. Some of us are also enrolled in 9 or more hours because we're trying our hardest to get our degrees and make more out of ourselves. Her grading doesn't make any sense: docking more points on one assignment for a mistake than on the second assignment for the same mistake when the instructions were never clear in the first place and you can't argue it because the assignment is closed. This class has been borderline infuriating.

  Most of this semester, it didn't feel like Mrs. Arc wanted her class to succeed. It definitely didn't feel like she wanted the employed students with families to provide for to succeed. And we don't want our hands held... we just want an instructor that treats us like we deserve a chance too.

- My opinion was the instructor expected a little too much out of me. I tried my hardest, but I felt like she didn't think I was trying my best. I know instructors expect a lot out of their students, but I felt like she expected us to be more.

- Very unprofessional of the professor to assign so much work. Class takes too much time out of my week that I could spend on other

classes that are more important. Teacher thinks students only take her class or something with the amount of work assigned every week. With a lower work load this class would be great but instead it makes me dislike art because I'm constantly being bombarded with it.
