Comments Report

2. More Than One Instructor:

- ^{2.1)} If your course had more than one instructor, in the box type the name of the instructor you are assessing. If your course only had one instructor, skip this question.
- Ionnie

6. Open Response:

- 6.1) What are the strengths of this course?
- Hands on learning and good teaching methods
- Learning the mechanisms and details behind a steering component and its use on todays vehicles and the history it has since its inception. Being taught the terms and definitions and applying that knowledge on the labs is also a plus.
- 62) What changes would you recommend that would improve this course?
- Not much. The professor is very clear and expects the best from us and id say he makes this course very engaging
- ^{6.3)} Any further, constructive comments?
- Nope.
- no
