1. Student Information

1.3) Other reasons (please specify)

- I was going to take the Tuesday in-person class but I had to change to online to fit my work schedule.

3. Your Course

3.4) Please add any comments you would like to share.

- The hardest part was scheduling out time to study because I could only use the Simutext software on the BC computers. Simutext wasn't compatible with any of the other computers I tried.

4. Services and Technical Support
Rate your level of satisfaction with the BC services for this course.

4.14) Please comment on BC support for online classes.

- It's pretty good in general.

5. Course Design
Course activities (assignments, discussions, quizzes)....

5.13) Please add a comment about the course design.

- It was a great class. Professor Spring did a great job and was easy to approach and ask questions for help, etc.

- There really wasn't any interaction with others who were taking the course. There also wasn't a textbook per say.

8. My instructor....

8.4) Please add any comments you would like to anonymously share with your instructor.

- Great Professor!!!

9. Final Comment

9.1) The comment box provides a chance to anonymously communicate any specific impressions (either overall impressions or impressions about particular and specific things) to the instructor. Please feel free to write a lot in the comment box since your feedback is probably the single most important way that courses get better from one semester to the next.

- There wasn't a ton of interaction from the instructor, which was fine because I liked the Simutext software and the Khan Academy articles. I'm mostly just grateful that I didn't have to pay an extra $100 for a textbook or Cengage.
