6. Open Response:

- ^{6.1)} What are the strengths of this course?
- I'm given enough time to complete assignments and tests.
- ^{6.2)} What changes would you recommend that would improve this course?
- I wish the professor was more involved during class. If felt like I'd only go in there to turn in work and leave. We had to teach ourselves the information online. During the labs he'd also just assign videos and sit back doing something else.
- ^{6.3)} Any further, constructive comments?
- This class should be 100% online. I don't see the point in going to the college to do nothing.
