3.4) Please add any comments you would like to share.

- ☒ I loved Mr. James's courses, unfortunately online is not a very agreeable way for anatomy and physiology to be taught. This is in no way Mr. James's fault. He did amazing with the tools available and did his best with the videos to help us feel like it was in person, and the in person labs we did have were outstanding and a lot of fun!

Please feel free to write a lot in the comment box since your feedback is probably the single most important way that courses get better from one semester to the next.
- ☒ Mr. James is always there to help in any way that he possibly can. He makes learning fun and easy to understand. I would highly recommend Mr. James to anyone taking A&P 1 or 2 both lecture and lab.
