### 6. Open Response:

- 6.1) What are the strengths of this course?
- The teacher is very organized and straightforward with his expectations.
- not many I can think of, this instructor does not like answering questions, does not reference the \$200 textbook and we are told he will tell us everything we need to know, he will insult students and call them name (called me a Pussy) and another student a wimp. the students' grades are not private, and in the lab the students are required to grade each other exams. (2 Counts)
- 6.2) What changes would you recommend that would improve this course?
- none i cant think of
- the instructor needs to reevaluate on why they became a teacher. i will not use anymore of my GIBILL and this school because of this instructor, very unpleasant experience. (2 Counts)
- <sup>6.3)</sup> Any further, constructive comments?
