2. More Than One Instructor:

2.1) **If your course had more than one instructor,** in the box type the name of the instructor you are assessing. If your course only had one instructor, skip this question.

- STEVE KASPRISIN

6. Open Response:

6.1) What are the strengths of this course?

- My strengths in this course would be the previous knowledge I have on the material

- Simple quizzes

- The exams were over the materials we went over and we were not overloaded with information.

- the explanation of the topic in a way where you can really comprehend.

6.2) What changes would you recommend that would improve this course?

- I would like all the course materials to be unlocked to be able to work at my own pace.

- I'd just recommend that all grades be posted in our grade book. It seems that a lot of our grades do not show in the grade book for this class.

- N/A

6.3) Any further, constructive comments?

- My professor is amazing. He makes this class fun to learn even though its online I feel like if I'm in the classroom. sometimes I get overwhelmed, and he will say things that are encouraging without him even knowing, and i get motivated to keep working hard and do my best because learning isn't just because I need this class for my career but there's so much amazing things that we ought to learn and not just memorize as he says.
