- Great Professor!
- Overall I think my professor was great, he had everything laid out good and I always knew when something was due. Always gave grades back very quickly and there is tons of extra credit.
- The only thing that I wish were possible... is chances for extra credit other than the "SI" sessions. Some of us are not able to bend our schedule to attend such matters but desperately need even the slightest amount of points to contribute towards our grade. Online is also a much more difficult, complex way to learn a large amount of material without in-person visual lectures. Unfortunately, some can only attend online courses at this time.
- The study guide was a great source for preparing for exam!
