<sup>5.1)</sup> Your instructor will appreciate any comments you have concerning the course or his/her teaching.

- I have loved your courses this semester and almost wish we weren't approaching the end point. You have so much knowledge and experience I would still listen to you for hours and not lose focus. Your teaching is very easy for me to comprehend and you reinforce this by the supplemental videos you provide in D2L, you show that you have a genuine love for health care and you want to instill that in your students. I look forward to other classes I may get to take of yours in the future. Thank you for everything you do for us!
- Mr. James makes learning fun. He makes himself available to help students who need help. I have really enjoyed being in his lecture and lab. I would highly recommend him to other students.
