## Comments Report

### 6. Open Response:

6.1) What are the strengths of this course?

- The ability to learn and complete assignments at a flexible pace. I am a mother and work full-time, so being able to balance everything is important.

6.2) What changes would you recommend that would improve this course?

- Show an example of your expectations for case studies in the first week rather than weeks later, as most of us work ahead of schedule and can't go back to correct things.
- The course itself is fine.

6.3) Any further, constructive comments?

- When I ask questions, it means that I am trying to double check something that I was not sure about. I do not like the response "it was mentioned in the video."
- You can get your point across without being so bitter. We can tell you are burned out with this career. Refer back to self-actualization.
