- Dr. Stroh, You have honestly really helped me this semester by helping on class subjects and non-class subjects. You have motivated me to continue on my academic goal, even when at times I really wanted to drop out and be done because I was overstressed your words of encouragement and positivity truly made me continue to fight through it all. You helped me better understand chemistry when I truly didn't think I would actually understand any of it. You took the time to explain things in-depth and made sure everyone understood. You made this semester a lot easier and helped me not only in school but outside of school as well and I'm grateful for that!
