6. Open Response:

- ^{6.1)} What are the strengths of this course?
- The professor was great at making sure the class was engaged and grasping the material. She would answer every question and slow down if the class was not understanding. Overall her class management was amazing.
- ^{6.2)} What changes would you recommend that would improve this course?
- The only thing I would recommend is that she have a clear due date on assignments. I found myself getting a little confused when material was due.
- ^{6.3)} Any further, constructive comments?
- None.
