- I am very impressed with the class. I wished this class was in person, I feel I would've really I would enjoy it more and submerge even more into the class. This class gives me some insight into my major, so I am really happy with the major I am deciding to do. I felt however hard you worked in the class it reflected in your grade, it wasn't work overload like some classes. It was enjoyable, and sure the chapters are long, but the book really has your answers and even if you had I question you could contact the instructor quick. Happy with this course, more people should take it.
