## Comments Report

### 2. More Than One Instructor:

2.1) **If your course had more than one instructor,** in the box type the name of the instructor you are assessing. If your course only had one instructor, skip this question.

- Marc Diefenderfer

### 6. Open Response:

6.1) What are the strengths of this course?

- A wonderfully challenging course. The subject matter is familiar to everyone, but the aspect of film analysis adds a new layer to how I view and interpret movies. The film review sessions are wonderfully difficult and informative. This class makes you think and support the assumptions you casually make about the films you digest. Professor Diefenderfer's dedication to the subject matter creates a tumultuous desire to succeed.
- The course provides a different perspective into how films have to be the way they are.

6.2) What changes would you recommend that would improve this course?

- Better viewing facility. The initial classroom was great except for the bat invasion. Possibly a better theatre style venue, with good acoustics.
- Chapter review exercises or hand outs to ensure that there is comprehension on the material being studied.

6.3) Any further, constructive comments?

- Professor Diefenderfer just brings it!! He is obviously zealous about the subject. This level of engagement is infectious. Another great asset for the BC team!!
