Comments Report

6. Open Response:

6.1) What are the strengths of this course?

- Being able to self-pace and the flexibility and understanding of the professor.
- It is definitely doable for students who have busy schedules.
- The layout of this course is on Cengage MindTap so you go through the lesson and take a quiz at the end of each lesson then take a test at the end so I think it was a good idea to do to learn.

6.2) What changes would you recommend that would improve this course?

- I would like to see changes in how we are taught; every week we use the same method of learning and it is draining and not interesting.
- I would recommend maybe having a lecture from the professor it is not fully necessary but maybe would help out if the students have a problem learning a lesson.
- None

6.3) Any further, constructive comments?
