6. Open Response:

6.1) What are the strengths of this course?

- The video instructions were very helpful as well as the practice quizzes. The course was well organized and the weekly assignments were easy to follow. The book of choice was relevant and understandable. The instructor was an expert on his subject matter yet approachable and not intimidating. I would highly recommend this course and this instructor.
- Very retainable.

6.2) What changes would you recommend that would improve this course?

- None
- The only area that may be helpful to all courses at Brazosport college would be a key terms printable page for each chapter to be studied in the weekly schedule. I find key terms and Chapter Summaries to be very helpful with quizzes, test, and discussions. I did print them from the book, however, it would just be nice to have that more accessible.

6.3) Any further, constructive comments?

- I enjoyed Donald Payne's instruction and organization in this class. I have a much better understanding of economics and am thankful that I took this course.
- Very good teaching style, explained topics very well, video notes and videos helped tremendously, and overall great professor.
