# Comments Report

---------------------------------------------------------------------------------

## 6. Open Response:

<sup>6.1)</sup>  What are the strengths of this course?

- I actually enjoy this course even though I was told my the counselor that I would be only learning about the stock market.

- I like how the professor provided real-life connections that were relevant to even us young dual-credit students.

- The Information is baised around the book that was provided by the instructor in pdf format. This was helpful.

- The strengths of this course is the fill in notes with the lectures videos.

<sup>6.2)</sup>  What changes would you recommend that would improve this course?

- None

- Provide more quizzes for retainment of information.

- The only change would be the commanding heights assignment, all the videos ran together and it was difficult to take any information from them. I watched them all but I didn't have enough time to rewatch for the assignment.

<sup>6.3)</sup>  Any further, constructive comments?

- Overall, I enjoy your lectures they are very informative and the clarity is excellent. You make the class easy to follow along and understand.
