6. Open Response:

6.1) What are the strengths of this course?

- Dr. Montiel makes this class so immersive and fun. I have never had a class where I genuinely enjoyed going every Monday and Wednesday. If I could have this class M-F I would take it in a heartbeat.
- Professor is kind
- The class was mostly lecture. However, Mrs. Montiel made the lectures engaging and interesting by relating the topics to us. Mrs. Montiel is passionate about education, it pours out in her lectures which made me understand the topics better. She met with me to make sure I was on the right track for my degree. I still met with my ACE it coach but I learned so much from her and felt more confident about my options.
- The lectures that we had was extremely useful and prepared us for the real world experience is that we may have in the field of teaching.
- The strengths in this course was that the learning was fun and easy.

6.2) What changes would you recommend that would improve this course?

- I would recommend that the field work hours are better organized it takes to long to hear back from BISD.
- Less assignments
- None
- None the course is perfect.

6.3) Any further, constructive comments?

- I thoroughly enjoyed having Doctor Montiel as my instructor I had only taken her class online in 2020 but it was a privilege to be in her presence to get the full experience of her personality.
