- There are some assignments that confused me not because of what we were doing, but more about the topic of the assignment. I will admit to being behind by a lot but there were some when I looked ahead such as the entomology of a moth that I wouldn't expect to see in an English class, nor does it make me want to do said assignment even if it is an exam. I signed up for this class because I was told it was basic and didn't need much writing, don't know if I was told wrong or they signed me up for the wrong class but it's something I thought I should mention.
- Very good instructor and I really enjoy this class.
