- Emily Arthur (2 Counts)

6. Open Response:

- 6.1) What are the strengths of this course?
- New methods to look at advertisements, business reports, and teamwork settings.
- Strong structure with firm and consistent deadlines.
- The information is very relevant to working in most business environments.
- 6.2) What changes would you recommend that would improve this course?
- None.
- The change I would make for this course is instead of using Slack for communicating with our classmates/teams, use Microsoft Teams. Microsoft Teams is a more relevant software that is used widely in multiple industries. However, I enjoyed using Slack as it was nice to learn how to use a different communication software. KM
- course met and exceeded expectations.
- 6.3) Any further, constructive comments?
- None.
- The instructor was super helpful and provided video/audio feedback on a lot of assignments which is something that I think more instructors should adopt.
- would highly recommend course as is.
