6. Open Response:

6.1)  What are the strengths of this course?

- She pushes students to be better I believe, for example, she'll give you a few limited amount of freebies because she has stated more than once that we should be able to follow directions and perform better on our work because we are college students.

- The work load is easy

6.2)  What changes would you recommend that would improve this course?

- Different instructor

- I would not change anything other than submitting our exam study guide sooner than 2 days before, due to the amount of questions that are on the exam I feel like we should get it at least a week before so that I am well prepared.

6.3)  Any further, constructive comments?

- No.
