Comments Report

6. Open Response:

6.1) What are the strengths of this course?

- Good technical information regarding electrical troubleshooting
- That you are learning the thing you need to know in HVAC field along with the dangers, safety tips, the tools that make your job easier to be done.

6.2) What changes would you recommend that would improve this course?

- The changes I would recommend is that we need a reviews for the NCCER test because way they ask the questions on those test are way to specific and I need a good review in order pass these test from the NCCER.

6.3) Any further, constructive comments?
