## 6. Open Response:

- <sup>6.1)</sup> What are the strengths of this course?
- Mr. Taylor is very informative and very approachable. The course is very hands on and i feel that is where the most learning takes place.
- Teaches you hands on about required knowledge for the field
- The instructor is really good doing his job, He is very nice with students, in short words, He is a nice instructor.
- very consistent and has a nice pace when it comes to reading the current module before testing on it. gives on-field examples of what's in the material.
- well taught, book materials matched the tests that we were given
- <sup>6.2)</sup> What changes would you recommend that would improve this course?
- I would recommend less reading and more labs, I think the best way to learn is working on the units than reading.
- NCCER Tests feel as though they want you to fail
- none that I can think of
- nothing as of today
- <sup>6.3)</sup> Any further, constructive comments?
- great class overall
