Comments Report

6. Open Response:

- ^{6.1)} What are the strengths of this course?
- Professor Sysma has made this course as well-rounded as can be, I have very few complaints. The activities are always extremely engaging, the class is fun but highly educational, and the way the class is structured makes sense and fits well into my schedule.
- The interactive activities with the entire class is definitely a strength as it makes class more enjoyable while also helping you retain information.
- ^{6.2)} What changes would you recommend that would improve this course?
- The only real criticism I would have is to make the instructions more clear when it comes to the role-play/group activity days.
- There are no changes that would improve the course.
