Comments Report

2. More Than One Instructor:

2.1) **If your course had more than one instructor.** in the box type the name of the instructor you are assessing. If your course only had one instructor, skip this question.

- Dr. Quiros

6. Open Response:

6.1) What are the strengths of this course?

- I like that I can assess the power points and everything online.
- Very Understanding professor, and you can tell about each individual. His assignments are clear, and the workload is reasonable.

6.2) What changes would you recommend that would improve this course?

- I would not make any.
- I would recommend using more example such as videos. Something more visual rather than just a PowerPoint with words and notes. I visual demonstration would be really effective and also a change in loudness would help as well. If there was a graph that measured how loud something is this professor would stay in the same location thought the graph. Sometimes he changes his voice to appear less monotoned, but it all runs together.

6.3) Any further, constructive comments?

- N/A
- no.
