- Alisa Petrovich

### 6. Open Response:

6.1) What are the strengths of this course?

- Dr. Petrovich gives amazing well thought feedback!
- I think she does a very well job of exposing what is due and when, and if I ever have questions she respond pretty quickly and nicley
- I think that the discussions really help people learn.
- The assignments are all evenly spaced throughout the semester. I like that the professor teaches and expands on the information in the book using discussion posts. The exams are very easy if you take the time to read the book and all the discussion posts made by the professor.
- The discussion boards and responses.

6.2) What changes would you recommend that would improve this course?

- Do some video lectures rather than teach fully through discussion boards.
- Honestly none this class is set up pretty well
- No suggestion.
- Some clearer and updated instructions.

6.3) Any further, constructive comments?

- No she does a fine job
