6. Open Response:

6.1) What are the strengths of this course?

- ■ Instructor was very clear with instructions, and made assignments understandable. Was available to help at any time.

- ■ N/A

- ■ That it is not very challenging. It is more of a knowledge course rather than a ourse where you are having to learn complex ideas!

- ■ The material is clear and concise, easy to follow and keep organized.

- ■ it was fully online but it was spread out nicely. i wasnt stressed about having too much to do at a time

6.2) What changes would you recommend that would improve this course?

- ■ It would be nice for us to have a few instructional videos from the instructor! We had to pay for the course when we registered for classes, and then we had to pay an additional $125 for the Cengage platform to be able to access our coursework. This is my first year in college and even though this course was online, I did not expect to basically have to pay "twice" to be able to learn the material for this course.
