6. Open Response:

6.1) What are the strengths of this course?

- I think there is only one strength of this course: Doc. She ensures you understand the concept of humanities and excel in understanding this course. She goes above and beyond and explains everything in detail. She makes you travel back in time and relieve those moments.
- She is a very enthusiastic Professor, as well as open to any questions asked. You feel like you take the adventure with her to these places.

6.2) What changes would you recommend that would improve this course?

- None
- None, Doc has exceeded my expectations.

6.3) Any further, constructive comments?

- I love her class and my field does not have anything to do with humanities, but my degree asked for me to take the course. I walked into class mostly because I was forced to take it and had no interest at all, but I am walking out more knowledgeable and enthusiastic about everything I learned. She is the best there is.
- I will take more classes from this Professor!
