■ Doc is an amazing professor who is passionate about her work. You can tell she knows what she is teaching and makes it very interesting.

■ The one thing I do like about online learning is the communication between myself and my professor. Because of the online learning transition during Covid it became even more crucial for this communication and it is highly affective. You get better communication with them than in class I feel.

■ I have had tremendous support getting everything I need through online support. Very friendly and willing to help however possible.

■ most help i have needed has been able to be answered through BC support.

5. Course Design

5.13) Please add a comment about the course design.

■ The course design was very self explanatory. Easy to understand and know how to complete and go to the next. I was able to understand how to navigate the classroom because everything was revealed and put together in a way it followed close in hand with the text book and slides provided as well. The live lectures where also as followed if you printed out your slides and could jot notes as it was talked about. I loved how it was set up like this.

■ Very straight forward. She has the deadlines listed plainly which makes it easy to stay on top of them.

8. My instructor....

8.4) Please add any comments you would like to anonymously share with your instructor.

■ My instructor was very knowledgeable in this course, it was mind blowing. She talked about the history and showed pictures when she was there. Her real life photos, it was so cool. I loved the feedback for each assignment. She gave very descriptive, detailed lectures as well that were extremely helpful. She is very encouraging as well. She makes it clear that she is available for us as students and set up so much opportunity to reach out and get help. She makes this class fun to learn the history of. I wish she taught other subjects because her approach at teaching is so amazing. She makes it so fun that you actually learn and remember the things that are talked about. I just love her.

■ She was always very punctual and clearly had down what she was looking for. She was passionate about her subject material and made me interested in it as well. She wasn't boring, which I know sounds silly but it is so important in my opinion. Her subject material was engaging and I really enjoy having her as my professor.

Please feel free to write a lot in the comment box since your feedback is probably the single most important way that courses get better from one semester to the next.

- Again, I highly will be recommending you to others that have to take this course. You have a presence about you and a ability to teach this class in a way that is fun and helps students to retain the information. Your communication with the class and students individually is very thorough. You respond very quickly and showed concern of care throughout the entire semester. I will forever remember your encouraging words during times where I did not understand or was discouraged. You have so many resources and you are willing to go the extra mile to help each student individually. When I have talked to other students in regards to you, everyone feels the same. You are an amazing professor and great at what you do. Thank you for everything.

- She gives options on which textbook to get which is great because it provides a cost friendly way to get a book. It is always so nice to have an instructor that is passionate about her job. You can tell she really enjoys what she is teaching. Her layouts were very well written and organized.
