- At first, I did not know what to expect from this course, but so far I have enjoyed learning all about new fascinating topics. All the pages that are required to be read can sometimes be a lot and a bit challenging to comprehend yet I still manage and make time for this class.
- Doc, thank you for being an understanding person. You have really helped me this semester and motivated me to continue on during my stressful times and I truly appreciated that. You have made this course so knowledgeable and fun to actually do. You took time out of your day to make the class work easy to understand and complete, I am sure had you not made it that way I defiantly wouldn't have been as interested in this subject as much as I am. Thank you for working with me this semester again. <3
- Dr. Petrovich was absolutely the best instructor. She is very understanding of last-minute adjustments and shows great concern for the well-being and success of her students, With this being my first online course, she made me feel comfortable to reach out to her about absolutely any and everything that she could help with this fall semester.
- I enjoyed this class fairly well. I had no idea what humanities was about, but after this class I have learned a good amount of information that was very enjoyable to learn. Overall I really liked the class and thought you provided us with great explanations for grading and instructions and I am glad I took this course.
- I have had an easy semester so far!
- I really enjoyed this class, and I liked the fact that my instructor constantly reminds us about upcoming due dates. My instructor also constantly offers help if any of us needed it, and she is very responsive to her students. There is not one single thing that I would like to change from this course.
- Overall, this course was really well outlined and structured. I also liked that you reached out to me when you noticed I was inactive for a week and asked if I was alright. The additional supplemental videos also helped a lot when testing for the midterm. I think this course is probably the best class in terms of interactiveness and clear instructions. I do not have anything that I did not like and would change.
- You were a kind professor who made sure we did well in your class and checked on us as well. Thank you for being understanding with grading and allowing us extra time to finish assignments. I was nervous about this being my last class, but it went well and I am very happy to have you as an instructor.
