## 6. Open Response:

- <sup>6.1)</sup> What are the strengths of this course?
- Mr. Richmond is an unbelievably smart man and a very patient teacher. He really explains things and goes back to what can be confusing. He is very focused on making the class understand key concepts, safety, and consequences related to our field of work. He also has great humor, expresses himself masterfully, and will be very missed once this is his last semester with us.
- We go over assignments and exams in class.
- <sup>6.2)</sup> What changes would you recommend that would improve this course?
- About the course, not the teacher. I believe making 2 classes of 2:00 hours per week would be better than 4 on the same day. YOu get exhausted and take a whole week to revisit the subject in class.
- Try and make the course not so boring so kids do not fall asleep.
- <sup>6.3)</sup> Any further, constructive comments?
