Please feel free to write a lot in the comment box since your feedback is probably the single most important way that courses get better from one semester to the next.
- Dr. Mirabi is an excellent teacher and I hope to have him for future classes. He clearly presents the requirements for assignments and is very thorough in his instruction. He helps all of his students understand the subject before moving on to the next one, and answers questions outside of class time very well. I could go on and on with good things, and I had absolutely no bad experiences in his course.
