6. Open Response:

- ^{6.1)} What are the strengths of this course?
- MindTap is excellent resource. Book and materials are quite good.
- The instructor has gone above and beyond to help me get started and continue on a successful path. He is readily available and eager to help me learn. I don't know that I would have been successful with another instructor.
- ^{6.2)} What changes would you recommend that would improve this course?
- A short lecture per week with Q&A (e.g 30 minute lecture followed by 15 min Q&A). Not sure how well these would be attended, but I would make a few.
