5. Comments

5.1) Your instructor will appreciate any comments you have concerning the course or his/her teaching.

- This is my second encounter with Mrs. Bacica in my first year back in school after 10 years, and I am so glad I chose to take her course again. I am terrible when it comes to math/algebra and insane testing anxiety, but I deeply appreciate Mrs. Bacica's willingness to help (even when I do not take advantage of the opportunity). She is stern and blunt, but you can tell it is simply because she genuinely wants her students to be just as dedicated to their success in the course as she is. She frequently reminds the class of extra credit opportunities as well as opportunities for extra help if needed, and to be completely honest, she is my only instructor to be so kind as to do so. I recommend her course to anyone that is truly looking to LEARN and willing to be held accountable for their success, time and dedication because if she does anything in class, it's definitely holding us accountable. Lol! But I wholeheartedly believe I could not have chosen a better instructor. I have been blessed with some of the best in this first year back to school!

I have genuinely enjoyed having you as my instructor, Mrs. Bacica. Thank you for your time, dedication, and understanding as I have attempted to navigate this deep fear of College Algebra. I wish you all the best in the years to come!

- i think she is a really good teacher i wish she would stop for a couple seconds and ask if anyone has any questions
