6. Open Response:

- ^{6.1)} What are the strengths of this course?
- He is always very helpful when you have questions and makes sure you understand.
- 6.2) What changes would you recommend that would improve this course?
- Personally I'd like it better if we were taught the material in class instead of watching videos, but I can also understand the aspect of using class time to ask for help on homework.
- be more consistent with homework due dates.
- ^{6.3)} Any further, constructive comments?
