6. Open Response:

6.1) What are the strengths of this course?

- I learned a few things.

- I was able to learn a lot and understand statistics better than I thought I would

- none

6.2) What changes would you recommend that would improve this course?

- It had involved a lot of homework and was very time consuming. It had taken time from my other assignments from my other classes.

- Just don't have an attitude.

6.3) Any further, constructive comments?

- This instructor was very talkative. The video lectures itself does sometimes helps but in person lectures I don't understand.
