9. Final Comment

- The comment box provides a chance to anonymously communicate any specific impressions (either overall impressions or impressions about particular and specific things) to the instructor. Please feel free to write a lot in the comment box since your feedback is probably the single most important way that courses get better from one semester to the next.
- I would like to thank this instructor for allowing students a reasonable duration to complete assignments. Leads me to believe they DO understand that their students may or may not be engaging in other classes along with a cramped schedule.
