## **Comments Report**

## 6. Open Response:

- <sup>6.1)</sup> What are the strengths of this course?
- I think overall the work load is not a lot. You have multiple attempts on homework's which gives you the opportunity to improve your grade. She has notes that you are able to look at as well.
- 6.2) What changes would you recommend that would improve this course?
- I think overall, it has been hard to understand the professor at times. Maybe just by being more clear so that we are able to fully understand.
- When making the homework, not adding problems that we were not taught how to do would be imperative.
