- Full-time student and also working. i do not have my own car which makes it harder to go to campus.

- I work quite a bit as well so It works better for me as an online class and I have adapted to this learning style.

3. Your Course

3.4)   Please add any comments you would like to share.

- Mrs. Bacica is by far one of the best teachers I've had attending Brazosport College. In fact, she will be missed next semester :(

- Mrs. Bacica is fair and pretty thorough with most of her assignments. I

- The class I enrolled in was ONLINE but we are mandatorily asked to BE ON CAMPUS FOR TESTS.

8. My instructor....

8.4)   Please add any comments you would like to anonymously share with your instructor.

- I wish that you were never rude in terms of replying to our emails.

- Instructor helped me understand my strengths and weaknesses. I really felt that.

9. Final Comment

9.1)   The comment box provides a chance to anonymously communicate any specific impressions (either overall impressions or impressions about particular and specific things) to the instructor. Please feel free to write a lot in the comment box since your feedback is probably the single most important way that courses get better from one semester to the next.

- Best math instructor I've had at BC, very encouraging and motivational.

- I feel like I finally got a real college experience in your class and everything was fair in presentation and grading. The fact you didn't use multiple choice question tests just means you put that much more effort into your instruction.

  You will be missed next semester, unless you're teaching Calculus III I feel like its going to take quite the amount of time to find another instructor as good as you.

  Thanks again for all your hard work, it will not go unnoticed. I'll have all your notes saved digitally and printed!

  Sincerely,
  Your admiring student.

- This class went over calculus material as it would over any other class, however, the instructor sometimes did not seem keen on helping students. The instructor gave off a very condescending tone and manner of speaking and acting with their students that was not appreciated. The instructor didn't really prepare us for exams and we were left to review concepts on our own. While I enjoyed the mathematical and actual material of the class, I did not appreciate the instructor's attitude.
