2. More Than One Instructor:

^{2.1)} If your course had more than one instructor, in the box type the name of the instructor you are assessing. If your course only had one instructor, skip this question.

Mr. O'Neill

6. Open Response:

- ^{6.1)} What are the strengths of this course?
- I liked that we could get a partner on our quizzes as it helped in combining our knowledge and figuring out the problem together if either of us struggled.
- ^{6.2)} What changes would you recommend that would improve this course?
- I would have liked if the lecture videos were available prior to the class to get a better understanding and be better prepared. I would also recommend having more extra credit opportunities, either by assignments, time spent at the math center, or other options. I did not like that we could only make corrections on one exam and that we had to make the decision when we had no knowledge on what we would make on later exams so my classmates used theirs on the first exam not knowing they would need it for the later exams.
