Please feel free to write a lot in the comment box since your feedback is probably the single most important influence on course improvement.

- I know that grading sometimes is hard. I do try to take that into consideration. But some of the feedback comments are confusing, like they do not belong attached to my work. I also understand that this instructor had a baby right as classes started, so I think some of the confusion is because this instructor is busy with a new baby and actually needs to take time off to be with that baby instead of trying to teach.
- This course was definitely a tougher course for me to understand due to all of the law lingo. It required me to put more effort into my work but it was definitely worth it. I enjoyed my time in this class and Mrs. Itiowe was very knowledgeable in her field. I would definitely recommend this course to anyone.
