## 9. Final Comment

- <sup>9.1)</sup> The comment box provides an opportunity to anonymously communicate any specific impressions (either overall impressions or impressions about particular and specific things) to the instructor. Please feel free to write a lot in the comment box since your feedback is probably the single most important influence on course improvement.
- I find the group projects helpful as far as working with others and creating a deliverable but I have been in groups (and heard similar feedback from my peers) where group members have not helped in the project or stop attending group meetings. I think when a student has missed a meeting and can also be seen on camera not contributing the instructor should intervene.
