Associate of Applied Science (AAS) in a technical area		0%
Certificate in a technical area		0%

n=8

7.5) I am currently a high school student taking college courses.

Yes		0%
No		100%

n=8

Comments Report

---

2. More Than One Instructor:

2.1) **If your course had more than one instructor,** in the box type the name of the instructor you are assessing. If your course only had one instructor, skip this question.

- G. Itiowe

6. Open Response:

6.1) What are the strengths of this course?

- Assignments are personalized by our strengths and help to build skills.

- Independent learning works well with my schedule

- It allows you to learn more about yourself as a future administrator

- It brought together everything that we have learned over all the BAT courses. It let us see what we have learned. I was able to mentor a team in a class and it was good to be able to do that.

- Reviewing your personal leadership skills and what could be improved

- Very communicative and informative instructor as well as motivating for students to learn to their full potential.

6.2) What changes would you recommend that would improve this course?

- N/a

- None

- None.

- Possibly adding some hours of training along side an executive to have an insight of how their jobs are conducted which will help in he real world.

- The final project would be better if students gained experience working with an executive instead of just an interview.

6.3) Any further, constructive comments?

- Dr. Grace is great.

- N/a

- None

- This is a very good course with lots of tools to help you succeed and learn what you need improvement. It is hard to find executives to interview, perhaps the class could have different options of executives to volunteer their time so we could choose from.
