Associate of Applied Science (AAS) in a technical area	16.7%	
Certificate in a technical area	0%	
^{7.5)} I am currently a high school student taking college courses.		
Yes	33.3%	n=6
No	66.7%	

Comments Report

2. More Than One Instructor:

- ^{2.1} If your course had more than one instructor, in the box type the name of the instructor you are assessing. If your course only had one instructor, skip this question.
- Richard Hall

6. Open Response:

- ^{6.1)} What are the strengths of this course?
- Easy enough to manage while working while training for a musical ear. It also provides simple music facts concerning history and music itself.
- Gave brief instructions
- No over work load and work can be done in a short amount of time.
- Not any strengths I can think of.
- The time frame and mindset program made this class way better to understand
- ^{6.2)} What changes would you recommend that would improve this course?
- Grading appear sooner.
- I would make sure everything is updated new information throughout out the class is hard to work with when you have other classes
- Not using cenngage, i would rather do all my quizzes, test and exercises in one platform. Also i wish we had more test to better concrete our understanding of the material.
- We did not have parts of this course (Cengage) for weeks after the semester started and he still expected us to all the work including the work that was due during the time that we were unable to access the necessary website to do that work. He also had previous dates for assignments from another semester. He also did not grade in a timely manner.
- change due dates to current semester
- ^{6.3)} Any further, constructive comments?
- I just wish there was more teaching instead of reading.
- None
- Please do better for future classes. It is a very unorganized course.
- n/a
