6. Open Response:

6.1) What are the strengths of this course?

- The strengths of this course was how well everything was explained and Mr. Birk made an effort to take the time to explain in detail if we were ever confused.

6.2) What changes would you recommend that would improve this course?

- The only changes I would make is going into further detail about certain topics. When we went to SS & Ear Training, there was a disconnect on the same topics. SS & ET teacher would ask a question about a topic we already learned in Theory, and we both were not able to answer because we had not gone into that topic that deeply. Like secondary dominants, N6 etc. This could be because SS&ET is a new perspective on these topics, but i felt we could've learned some of those things in this class as well.

6.3) Any further, constructive comments?

- No I enjoyed the class and learned a lot.
