Comments Report

2. More Than One Instructor:

- Left your course had more than one instructor, in the box type the name of the instructor you are assessing. If your course only had one instructor, skip this question.
- Samuel Chamberlain

6. Open Response:

- 6.1) What are the strengths of this course?
- Great teachings and school
- The course demonstrated entry level knowledge to the career, so the beginning student understands the terminology.
- The guest speakers are a good chance to network and branch out for when we get into our field.

 Also, we were provided an opportunity to join an Audit training program that last year had only 1 participant.

 This year we will have a group of 6 if I'm not mistaken be part of the audit training program.
- The instructor was very knowledgeable in this field
- testing and communication
- 6.2) What changes would you recommend that would improve this course?
- It was an 8 week course not sure if 8 weeks is enough time to learn all that is needed in the course.
- Maybe do it in the day instead of night.
- Pizza party
- Please list the book (Field safety) in the required books needed in the schedule. It was not listed Spring I 2023. I showed up the first day thinking no book was needed.
- having more access to some of the questions that might be on the testing instead of going over questions that were not on the test
- ^{6.3)} Any further, constructive comments?
- I appreciate the opportunity and I will make my professors proud!
- No
- Professor Chamberlain kept students after 10 pm and I believe that a little less story time.
- The schools an instructors counselor turtors and all staff are nice and helpful 5 stars
- the instructor has been very informative
