- <sup>9.1)</sup> The comment box provides a chance to anonymously communicate any specific impressions (either overall impressions or impressions about particular and specific things) to the instructor. Please feel free to write a lot in the comment box since your feedback is probably the single most important way that courses get better from one semester to the next.
- He was not clear on what he wanted on the lab reports. There was no syllabus to see and the feedback that he gave was that we got it wrong. When we showed him the lab report before turning it in and asking if it look good for a passing grade he would say, "Yeah I would give you an A, B, or C", but then my group will get a failing grade. Just very unclear.
