- ^{6.1)} What are the strengths of this course?
- I started this course thinking it would be a breeze and thinking I already knew everything there was to know about Microsoft Office. Boy was I wrong. This course was quite challenging and I did struggle but Ms. Deleon did a fantastic job with all of her videos. I have learned alot in the Word and Excel modules that will really benefit me in my current job.

- The instructor is always available and willing to explain and help. She is organized and is very encouraging.
- The instructor is easily accested she goes over everything needed for the class and is very willing to help explain things if confused.
- The lecture videos and the excellent communication from Professor Deleon.
- There are just the right number of lectures and videos for guidance. I feel like I actually learn something here.
- Thorough instruction on the basics of the vital programs in the Microsoft Office Suite. Although the class is fast paced, the work is spaced evenly.
- ^{6.2)} What changes would you recommend that would improve this course?
- I honestly can't think of any changes that would improve this course. I think it is great just how it is.
- I would not recommend any changes from the course material. The only thing I would suggest is an improved layout on D2L.

- No changes.
- having shorter assignments. having to do 3 other classes and on top of the assignments she has us do and the time that it takes is outrages to me. 6-8 hrs for one assignment doesn't make sense

- This is my first semester of college. I am starting late in live (mid-40's) and went in pretty afraid. I couldn't ask for a better Professor. I know I messaged her more than most students would and I continuously apologized but she was so patient and understanding and SO responsive and helpful. She needs to be cloned because I want her as my Professor for every single class that I have to take. I hope Brazosport knows how lucky they are to have her!
