- Diane Ruscito

6. Open Response:

6.1) What are the strengths of this course?

- - The study material on CONNECT is easy to get a grasp of and well explained - i was able to learn alot on my own and read for myself.
- The instructor is very lenient with due dates and gives you plenty of time to get the work done.
- The course was strictly online, which made it easier for me to attend class and get my assignments done
- The online assignments give you a hands on experience

6.2) What changes would you recommend that would improve this course?

- I would suggest a better online course setup on D2L and organization. Maybe give an outline and more instruction about the course - other than whats already listed on the syllabus. If you explain everything first hand it would avoid any extra questions or confusion especially if anyone was new to using either D2L , any online textbook, or other provided resources.
- The structure of the hands on practice was a little confusing. Nothing was organized it felt and I had to scroll through a ton of assignments I had already done to see which ones I had missed. That's really the only thing I had a complaint about.
- none
- nothing

6.3) Any further, constructive comments?

- I learned what I needed to learn to be able to further my degree and education
