6. Open Response:

6.1) What are the strengths of this course?

- Easy to follow and work through

- I enjoyed the online availability that the course offered, and although I don't see the teacher in person I was still able to get great feedback and responses in a timely manner.

- Professor provides you the skills to succeed in this course

- The main strength of this course in my opinion I think it is very important because it makes you think outside the box the things we talk about and learn in this course is something that I would've never thought about and discussed in any other class that I ever had before.

- The work we have to do for this class is very simple, so I don't stress.

6.2) What changes would you recommend that would improve this course?

- Being able to get ahold of instructor was almost impossible!

- Grade Project and Writing assignments, even if they aren't due for a while, within a week of submission.

- No changes are needed.

- None

- Not so many writing assignments. Can be overwhelming.

6.3) Any further, constructive comments?

- NA.
